

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

April 2, 2002 LB 1211

time. But with that, I'll turn the rest of my time back to the Chair.

SENATOR CUDABACK: Thank you, Senator Vrtiska. Senator Hartnett on the Bromm amendment.

SENATOR HARTNETT: Mr. President, members of the body, I think there is a state obligation, as I look at page 13. There's a need within the state for financing to assist political subdivisions and any entity created under interlocal cooperate...and then it goes on and so forth. So whether the...whether it's \$5 million or what it is, or \$20 million and down the line, I think that's an important question. And I think...I agree with the bracket motion, and so will simply quit talking at the time and let Senator Bromm or somebody bring up...pass his amendment and then go to the bracket motion. Thank you.

SENATOR CUDABACK: Thank you, Senator Hartnett. Senator Tyson. Senator Tyson waives. Senator Bromm, do you wish to close on your amendment? There are no further lights.

SENATOR BROMM: Thank you very much, Mr. President. Again, I would like to ask the body to support this amendment. It does, on page 25 of the bill, provide for the Governor's appointment of representatives of municipalities of counties and fire districts and the power district in consultation with those groups. My vision would be that the Governor would solicit nominations, if you will, from those entities and that they would have the very best idea of who has the interest and who has the expertise to be an asset, and they would recommend that party or parties, and the Governor would, hopefully, make that appointment. The other two components of the amendment are not really substantive. They simply clarify a little language on page 27 about the statewide seamless, wireless communication system and the name of Nebraska Commission on Law Enforcement and Criminal Justice. And with that, I would ask the body to adopt this amendment. Thank you.

SENATOR CUDABACK: Thank you, Senator Bromm. You've heard the closing on AM3265 to LB 1211. The question before the body is,
